The following are points of agreement for completion of the Zyphe New Testament between The Bible Society of Myanmar (BSM), SIL International, The Seed Company (TSC), the American Bible Society (ABS) and the Zyphe Translation Committee (ZTC).

1. The Zyphe translation project has a targeted completion date of May 2009 to turn over to BSM for checking, and December 2009 for printing.
2. The ZTC and BSM have responsibility for the final exegetical check noting that an SIL International Consultant has checked the translation previously.
3. SIL has responsibility to format and typeset the final draft and pass the completed New Testament to BSM for publishing.
4. BSM will submit the Publishing and Distribution project under the UBS funding registry for ABS to fund as part of the TSC/ABS Global Scripture Fund Alliance. ABS guarantees the full cost of the publishing and distribution.
